Experience

Wix.com | June 2020 — Aug 2020

Wix Playground Academy Intern

- Exclusively selected as one of 48 participants out of 1,000+ candidates for Wix's intensive 3-month web design program.
- Created an online campaign for quip: Produced photographs, animations, and a marketing landing page.
- Designed and launched a real website for a nonprofit: Worked with clients to understand their website needs and created a new website from the ground up.
- Designed a high-level personal portfolio: Reinvented their existing personal portfolio into an online presence that uniquely sets themselves apart.

FNewsmagazine | July 2019 — Aug 2020

Visual Designer & Illustrator

- Designed editorial layouts within monthly visual design language for student-run newspaper.
- Used typography, color, grid, and composition for consistent visual storytelling while demonstrating aesthetic range.
- Illustrated visuals for print, web, and social media.

Career and Professional Experience (CAPX) | Sept 2019 — Dec 2020

Visual and User Experience Designer

- Created and implemented visual assets for digital signage, print materials, and websites adhering to CAPX brand guidelines.
- Collaborated with Dean and Assistant Director of CAPX with design and communication of events.
- Produce and test web user flows using research to communicate functionality and enhance usability.

Medical Technology Marketing | Aug 2019 — Oct 2019

Visual Design Intern

- Worked on client-based projects for social media marketing company.
- Researched business requirements, style guidelines, and third-party standards as input to new, engaging social media graphics.
- Work on multiple designs at the same time, demonstrating effective communication skills to manage time and expectations.

Projects

unwearableincome XR

- Created interactive installation showcased in the School of the Art Institute's Spring BFA Show
- Programmed video game in Unity to detect body movement and generate an original sneaker design on user's feet in realtime

The Romantic App

- Created augmented reality experience in BlippAR to remix romantic paintings
- Worked in collaboration with Claudia Hart and the Art Institute of Chicago to augment paintings displayed in the AIC

F News: Decolonization Issue

- Designed articles for online issue of student-run newspaper FNewsmagazine
- 3D modeled and animated custom sequences for immersive web interactions
